"EQUIPPING THE SAINTS
FOR MINISTRY"

Dear Friends and Supporters of Higher Ground:

Joyce and I have been in California for about 3 ½ months. We live in Orange, and we attend Old Towne Calvary Chapel. Joyce spent five days in the hospital recently after being taken to the emergency by ambulance. Her salt and calcium levels were extremely low, causing low blood pressure. She is doing much better now, just a little slow getting her strength back. She is adjusting to a new medication regimen which seems to be helping.

The Prison ministry is thriving. Last month 20 inmates in the Naivasha Maximum Security Prison were baptized. People continue to be saved in the prison ministry and the village ministry. Serah Kariuki continues to enroll students in the Higher Ground Bible courses. We graduate several students every year. Higher Ground classes are also taught in Uganda and Sierra Leone, as well as the Philippines.

By this time next month, I should have my newest book published and available. It is entitled: "Making Sense of ECCLESIASTES." I will keep you informed. My next writing goal will be to publish a commentary on the book of Job. I am well along in writing it.

Offerings for Higher Ground have been down considerably since the beginning of the year. I am asking God to supply some new giving partners. It is hard to believe that Higher Ground has been training people for chaplain and pastoral ministry for over 20 years. God has blessed.

To cut expenses I would like to send HG letters by email. If you would be willing to do that, please send me your email address. Please send to: pastorharold1@gmail.com. Thank you.

We are grateful for your prayers and your gifts. Thank you very much!

Sincerely,

Harold & Joyce Anderson
